- Constraints

In this lesson:

- the PRIMARY KEY Constraint

365 Careers

PRIMARY KEY Constraint

constraints

specific rules, or limits, that we define in our tables

365 Careers

PRIMARY KEY Constraint

constraints

specific rules, or limits, that we define in our tables

- the role of constraints is to outline the existing relationships between different tables in our database

365 Careers

PRIMARY KEY Constraint

constraints

specific rules, or limits, that we define in our tables

- the role of constraints is to outline the existing relationships between different tables in our database

e.g. `NOT NULL`
